

COM Library Group Instruction Questionnaire

To be completed by instructing librarian and retained at Reference Desk

Orientation Date: _____ Course and Instructor: _____

Note: The assessment results will be used by library faculty to improve student learning and create dialogue among faculty related to student learning of information literacy skills. The assessment results will not be used for faculty evaluation.

1. SLO Information Literacy Assessment 1: Accessing Resources

I provided a research instruction with information related to differences between Library Resources? **Yes or No** (Please circle one. If you answer no, please move to question 2.)

As a result of my interaction with the class today, the students should now be better able to identify access points and locate sources, both in the online catalog and the subscription databases.

Agree Neutral Disagree

Comments: _____

2. SLO Information Literacy Assessment 2: Evaluating Sources

I provided research instruction with information related to *evaluating information sources*? **Yes or No** (Please circle one. If you answer no, please move to question 3.)

As a result of my interaction with the class, the students should now be better able to determine which sources are likely to contain the most trustworthy and objective information.

Agree Neutral Disagree

Comments: _____

3. SLO Information Literacy Assessment 3: Citing Sources

I provided research instruction with information related to *applying and citing the information sources* to my assignment or information need? **Yes or No** (Please circle one. If you answer no, please disregard the question below.)

As a result of my interaction with the class, the students should now be better able to select information from the chosen sources and apply it to the assignment. They are also aware of the importance of citing these sources, following the rules of an accepted style guide.

Agree Neutral Disagree
